CENTRAL VALLEY MUSTANG CLUB
Fresno, California
February 2009

CLUB INFORMATION
Central Valley Mustang Club, Inc.

P. O. Box 9864, Fresno, CA 93794

Website: <http://www.cvmustang.org>

Club Purpose: To provide a common meeting ground for Mustang owners and further the enjoyment of ownership; to include workshops, discussions and technical meetings; to promote a more favorable relationship with the general motoring public; to further the preservation and restoration of all Mustangs.

Who Can Join: The club is open to all Mustang enthusiasts. Any individual or family can join. Ownership of a Mustang is not essential, but enthusiasm is. CVMC embraces the practice of encouraging diversity within the membership and involvement of the entire family in its membership and at all club events.

A Family Oriented Organization: As a part of promoting family involvement in the club, children are allowed and in fact encouraged at all club functions. In deference to this family involvement and the driving of motor vehicles, consumption of alcoholic beverages is discouraged at club events except where the club is staying overnight and there is no potential for any drinking member or guest to get behind the wheel.

Dues: For the first year only, \$30 for a one year Active Membership, of which \$5 will be an initiation fee and \$25 for dues. For additional family members, Active Membership dues are \$5 per member. Renewals due each January. Renewal notices are not sent.

CVMC OFFICERS

Jim Sanborn, President	229-1576
Allen Rasmussen, Vice President	322-5879
Carol DeLaPena, Secretary	453-0571

PRESIDENTIAL RAMBLINGS

Greetings, Mustang Fans!!

Well, the Holidays are over. The Christmas tree is down, the tinsel and the ornaments are all put away, the presents have all been opened, all the eggnog has been drunk and the ruitcake.....well, it's been stashed away until next year! And now we find ourselves right in the middle of cold & fog season. Just the sort of weather that makes one

want to get out there and start working on your 'Stang in preparation for the coming summer! Not to worry, though. You've still got a little time. And probably it won't be raining *every* day!

The Activity Committee has had its first meeting of the year and has started laying out a great schedule for the first quarter of the year. So far we're looking at a Valentine's get together on February 7th. a Travel Night on the 21st. (location to be announced), our annual Blossom Trail drive on March 7th., a run out to Kelley's Beach in Reedley on the 21st., and a night out at the Farmer's Brothers Diner on the First of April. And, of course, who can forget our annual trip to the big Knott's Berry Farm Fabulous Fords Car Show down in Buena Park on April 19th. Oh, and you might want to get your entry form in right away for Knott's. I've heard tell that the show area might be a little smaller this year resulting in fewer entry spots.

This year is the Central Valley Mustang Club's 20th. anniversary. There's a lot of stuff out there that hasn't lasted 20 years including some car clubs. This club, like any other group of enthusiasts, has grown over the years to become more than just the sum of its parts. This club is as great as it is because of the effort and enthusiasm that people put into it and the resulting fun and friendship that they get back in return. So, to anyone who feels unsure of how to get the most out of their membership in this organization I say, "Get involved! Participate! Volunteer! Be an active member, not just a name & phone number on the list!" You'll get out of it just what you put into it!

So, if anyone has an idea or comes across an event that they think would be fun for the club to participate in, be it a show or cruise, a parade or bar-b-que (!) bring the details to the Activity Committee. Let's go out there and have a great time this year! And the more, the merrier!

And one final note: **DUES ARE DUE!!** You need to get your dues in by the February meeting or no more newsletters or monthly meeting phone reminders from me. 'Nuff said! See you at the meetings!! Happy Mustanging!!

Jim

LOCAL 246 LIFETIME MEMBERS RECEIVE MERIT MEDALS

It was with great pleasure that Fresno County Sheriff Margaret Mims presented merit medals on May 23, 2008, to John Skadden and Bob Anderson, both retired lifetime members of Plumbers and Pipefitters Local 246, Fresno, California, for their 75 years of combined service with the Fresno County Search and Rescue units.

In addition to the merit medals, these very special volunteers also received a special acknowledgement from the California Governor's Office of Emergency Services.

Brother Anderson has been a member of the Sheriff's Department Air Squadron for 31 years. The Air Squadron is a volunteer organization of pilots, mechanics, and aviation-minded personnel who conduct flights in support of the Fresno County Sheriff's Department.

Both Brother Anderson and Brother Skadden are to be commended for their exemplary service that has gone above and beyond what was expected of volunteers.

From UA Journal, December 2008
Submitted by Bob Anderson

The Activities Committee had their first meeting of 2009 at Don and Etta's home on Sunday, January 11. Etta is the Activity Chairman and Mary Kokalis is the co-chairman for 2009. If you have any suggestions for a fun activity, please let one of them know. Lots of fun activities are being planned and we are looking forward to a great year. Mark your calendars with April 17th through the 20th as that will be our annual trip to the

Fabulous Fords Car Show at Knott's Berry Farm. Thanks to all the members attending the meeting and all the great suggestions.

Happy New Year everyone: I hope 2009 is starting off in a good way for you all. As much as we love the holidays, I'm glad all the hoopla is over. I had a great time spending Christmas with my sister in Las Vegas though. As usual we hit the shops and restaurants and spent money and ate. Good times!

When the new year arrives, the first thing I think of is that the Knott's Berry Farm trip is not far behind. If you have never gone with us to the Fabulous Fords Forever car show at Knott's, you definitely should set aside April 17th through the 20th and you will not regret it. It's the most fun we have all year. Everyone trots out their Mustangs and unique personality traits and we create enough weird and funny stuff to last us the rest of the year. Some members never live it down! Of course, one of the major draws to me is that I get to go to the races at Santa Anita! I can't wait!

The good news is that my favorite horse, Curlin, won the Eclipse Award for Horse of the Year for the second year in a row, and another one for older male horse of the year. (Think the Oscars for racehorses and their people.) He's retired from racing now and gone on to his second career making new little racehorses. I hope to get to see him in Kentucky.

Be sure to get your 2009 dues in right away. They must be paid for you to continue receiving your newsletter and for you to receive your reminder calls for events. Anna Rasmussen is our new Membership Chairman, so see her to pay your dues and be sure to fill out a new application to go with your payment.

Five free raffle tickets go to the following people for contributing to the newsletter this month in one way or another: Bob Anderson, Mary Kokalis, Robert Grant, Jim Sanborn, John Brymer, Jeff Noel, Jay Roth, Wanda Hamshar, Phil Moreland, and Etta Black. Without you all there wouldn't be a newsletter, so thanks very much!

The next newsletter deadline will be Monday, February 16th. Please be nice and send me something.

Nancy Sharmer

PENNE ALLA VODKA

Vodka may seem like an odd ingredient for an Italian dish, but this Florentine pasta has become a modern classic. When cooking with a strong liquor such as vodka or brandy, it is important to add it early on in the cooking so that most of the alcohol and its harsh taste can evaporate, leaving behind only the flavor of the liquor. For a tomato-based sauce like this one, add the liquor after sautéing the garlic and allow it to reduce before putting the tomatoes in the pan.

When adding liquor to a pan, be sure to completely remove the pan from the stovetop to prevent possible flare-ups. Keep a lid handy in case you need to smother any flames.

Ingredients:

- 5 large tomatoes
- 1/3 cup extra-virgin olive oil
- 2 garlic cloves, very thinly sliced
- 1/4 cup vodka
- Salt and freshly ground black pepper, to taste
- Pinch of red pepper flakes
- 1 lb. penne
- 1/2 cup heavy cream
- Leaves from 3 or 4 large fresh flat-leaf parsley sprigs, coarsely chopped

Directions:

Peel and seed the tomatoes, then cut them into small dice. If the tomatoes are very juicy, drain them for about 10 minutes in a colander. Set aside.

In a large fry pan over medium heat, warm the olive oil. Add the garlic and sauté until just starting to turn golden, 1 to 2 minutes. Remove the pan from the stovetop and add the vodka. Return the pan to medium heat and cook until reduced by half. Add the tomatoes, salt, black pepper and red pepper flakes and simmer, uncovered, for 10 minutes.

Meanwhile, bring a large pot of water to a boil over high heat. Generously salt the boiling water, add the pasta and cook until al dente (tender but firm to the bite), 10 to 12 minutes. Drain well and add the pasta to the fry pan.

Add the cream and cook, stirring, over medium heat until the pasta is well coated with the sauce, about 2 minutes. Taste and adjust the seasonings. Pour into a warmed large, shallow bowl. Add the parsley and toss briefly. Serve immediately.

Serves 4.

ROBERT'S REMEDIES

By Robert Grant

Greetings fellow Mustang enthusiasts:

Three technical things I learned this year:

1. Kim and my '91 Town Car has analog odometers. After two trips to the wrecking yard to fix the broken gears I found the four gears for less than \$100 from Southern Electric, I found on the Internet. These gears are high quality, polymer, unlike the garbage plastic they replaced.
2. Now this is unscientific, but I have rehydrated my Optima batteries by popping off the two disks on top of the battery and using a 20 cc syringe I added about 80 ccs of distilled water. After the spiral cells absorbed this water, I repeated this process for one of the bad batteries. I was able to revive usage of all three batteries that were dead.
3. Unable to start Kim's '70 'Stang after determining fuel and ignition were present, I jumped positive from the battery to the positive terminal of the coil. The 351 started immediately and when idling sufficiently, I removed the jumper. The car ran great while warm. When allowed to cool down this process needed to be repeated. Maybe I need to address the resistor between the ignition and coil. I only have six volts at the coil with the Petronix module (Petronix replaced points.)

PUMPED UP PONY

If you're curious about what the 2010 Ford Mustang will look like when it debuts next April it's new running horse badge may offer a clue. Like the upcoming restyled Mustang, the new pony is more refined and more muscular.

A stronger, more dynamic pony badge with defined edges and crisper forms on a subtly toned, tinted-chrome finish will charge across the grills of the V-6 and GT versions of the 2010 Mustang. For the first time a black chrome version of the Mustang pony badge will be available on the new GT grill.

"We wanted to give the Mustang pony a more realistic feel," said Douglas Gaffka, chief designer for the 2010 Mustang. "We lifted the head to make the pony more proud and tipped the neck into the wind to give it a feeling of greater speed and better balance. It's more chiseled and defined and more realistic in terms of proportion to an actual Mustang."

Like the Mustang itself, the Mustang emblem has a proud heritage. The original logo was drawn by Phil Clark for the Mustang I. It was refined for the Mustang II in 1974 by Charles Keresztes, a former member of Hungary's Olympic equestrian team. The pony continued on the front grill through 1978 but was replaced by a Ford emblem through 1993. The running horse returned in 1994 with some refinements and was updated again in 2005.

CHARITY IN THE CLUB

By Ron Deubner

In December, I had the privilege of distributing all the things we had collected over the last year for various charities in our area. It's humbling to go to these charities and be greeted by people who not only assist at the charity, but are, or were, receivers of help from the charity. You realize that a lot of these people never dreamed their lives would end up this way. They are there not because of their own actions, but just because of the hand that life has dealt them. I think all of us, at one time or another, were just a paycheck, an illness, or an injury away from being in the same condition. That being said, I'll move on to what we did.

On the final Sunday of Coats for Kids, I went looking for a place to donate our 40 coats. I got on the web site and found out that KSEE Channel 24 was a drop off point. So off I went to drop off the coats. Who would have ever suspected that a TV station would be closed on Sunday? Well, I had a chore to run out on East Shaw in Clovis and thought I would get that done and go back to the computer and look for another drop off point. I was very surprised as I drove down Shaw to find the Marines set up at Sierra Vista Mall accepting coats for the Coats for Kids. I pulled in, dropped off our 40 coats to a group of very grateful Marines.

Next was a trip to the Marjorie Mason Center, but that had to wait a day because they are no longer open on weekends, except for emergencies. Times are tough. We had well over a hundred soaps, shampoos, and various other items from our hotel visits over the year. I had four good-sized boxes of these items. I took them into the desk in the front room and I was greeted by a young woman (they are all young to me), who was glad to accept all of our goodies. By the way, they do take old cell phones and chargers. I don't know how many of you know this, but all cell phones can dial 911, even if they are not hooked to a service. If you would like to donate old phones, I will take them to the Mason Center with our other stuff. Just be sure you have first cleared out all of your personal information.

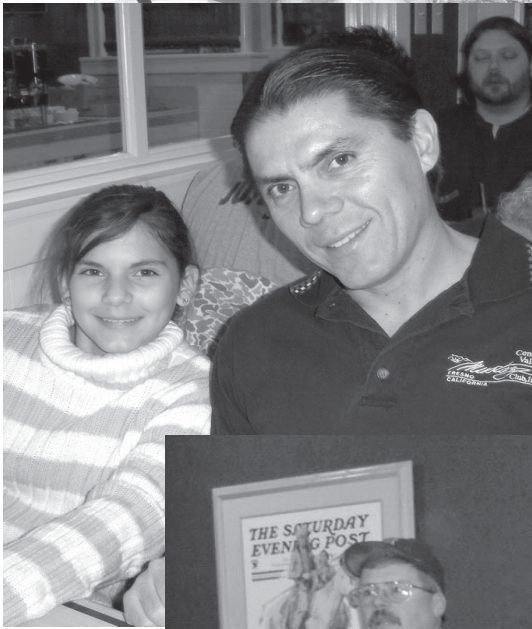

Next it was off to Poverello House. It's not in the best part of town, and to make it worse, donations are accepted in the back of the building, in a very potholed alley. It was a Monday, before noon and I was fourth in line. I was surprised that many people cared. I dropped off our goods to a helper at the back door. He was a nice guy, who had reached the pinnacle of his abilities. Humbling.

Now, if you are looking for a card, a letter, a certificate from anyone of these organizations, you sent the wrong guy to do this job. I believe if you need recognition for giving, you're doing it for the wrong reason. It's going to be a very tough time for a lot of charities this year, so I think we need to step up and do all we can to help.

Ron Deubner

2008 CHRISTMAS PARTY

CHRISTMAS TREE LANE and CHOCOLATE FEST

By Mary Kokalis

On December 20th CVMC members met at 5 PM in front of Fresno High School to start our yearly trek down Christmas Tree Lane. The weather was perfect; the convertibles put their tops down and we all enjoyed the displays. We did not freeze like the previous years. It turned out to be a real advantage starting so early as we were the first cars on Christmas Tree Lane and we could drive real slow and see all the displays. We were able to drive side by side with our other Mustang friends.

After the wonderful drive down Christmas Tree lane, we watched in fear as two police cars followed Tony and Bob Vaughn in the Shelby and Robert and Kim Grant in their Mach I speed out of the intersection and pull into Fig Garden Village with the police cars behind. Luck would be with them; the police drove right on by.

After Christmas Tree Lane we met at Mick and Anna Paulson's home for a wonderful Chocolate Fest. We ate so much chocolate that I think most of us were sick, but the chocolate was really worth it. Mick and Anna had their home all decorated with beautiful Christmas trees and collectibles; it was a pleasure to see all the decorations. I don't know if everyone else loves to see everyone's homes all decorated for Christmas as much as I do, but it is a real treat to me to visit other homes and enjoy all the different decorations.

Thanks to Mick and Anna for opening their home to the club and thanks to all the members for all the delicious chocolate items.

THE
CHOCOLATE
FEST

TOYS FOR TOTS RACE

By Jeff Noel

Another race is under my belt; I did a 5K this morning (12/6) that supported the local Toys for Tots campaign put on by Pelco. It was the 1st annual so turnout was low, about 200, but then again it was only 40 degrees when the race started at 8 am so that could have kept a few home and cozy under the covers.

I finished 10th overall and 2nd in my age group. Here is a photo of my trophy.

Jay Roth cooking for Hannukah

NEW YEAR'S EVE

By Mary Kokalis

CVMC Welcomed in the NEW YEAR 2009 with a FUN NEW YEAR'S EVE Dinner and Party. We met at Zelfred's and enjoyed the delicious Shish-Kabob and Chicken-Kabob with all the wonderful salad (everyone loved the House Dressing) and Great Pilaf.

After everyone was stuffed we went to Tony and Mary Kokalis' house for some more food and lots of entertainment. Alyssa (our granddaughter) brought her Wii game over and Robert Grant, Tony Kokalis, John Brymer, Fred Grove and Rosemary Metz all went bowling. Someone was heard to say it sounded like we were in a bowling Alley, reminding us we need to have a Bowling Event real soon. Alyssa and Rosemary outbowed the boys with the highest scores for the evening.

The men all had fun playing in Tony's garage and the women enjoyed playing with Mary's Teddy Bears. At midnight we watched the Waterford Ball drop in New York City and wished everyone a very happy and healthy New Year. We are already planning another New Year's Party for New Year's 2010. Wow, that sounds so far away, but it will be here sooner than we can imagine. Until then, let's have a fun and exciting year with our friends in the Mustang Club.

Congratulations to the new board for 2009. We have Jim Sanborn for President, Allen Rasmussen for Vice President, incumbent Carol DeLaPena for Secretary, incumbent Michael Rube for Treasurer, Anna Rasmussen for Membership, and the Members-at-Large, Don Hobbs, Ron Deubner, Fred Grove, and Tony Kokalis.

Marcy, you have got to give us the recipe for that delicious carrot cake – it was delicious!

What with Bob Vaughan, Trudy Marean, and Jean Anderson winning all the raffle prizes at the November meeting, all the rest of us were left out in the cold! ;-)

Jeff Noel ran a 5k race at Woodward Park Thanksgiving morning, finishing 63rd out of 1006 runners, and 5th in his group (men 45-49).

Many thanks to the Paulsons for having the Chocolate Fest at their beautiful home. What a chocolate overload!

Ron Deubner spent Christmas and New Year's in Waikiki – he says he was working.

Bob and Jean Anderson have added a 1966 convertible to their stable.

From Jay Roth: Since the weather in Florida was lousy today, NASA, on the spur of the moment, decided to relocate the landing of ENDEAVOR to Edwards Air Force Base, on the Mojave Desert, in Southern California. I read about it on "The Net" and since it is only a two and a half hour drive from us, popped a few Darvocets, jumped in the car (Chris drove, of course) and took off.

We got there, parked and climbed the hill with ten minutes to spare! This thing came down like a rocket! It was all of thirty seconds from the sky to landing. We were all scanning the skies and could not tell which direction it was coming from until we heard the sonic boom.

The day at Edwards was beautiful, bright blue skies, no wind. It landed, then BOOM! On the way home, the densest FOG you have ever seen.

From Phil Moreland: I had an accident at my house and fell off the ladder. I hit the side of the house with my head and landed on the cement floor, breaking my glasses and denting my nose.

Karen and Gavino Diaz lost their brother-in-law on December 29th. Our sympathies go to the whole family for their loss.

Mary Kokalis says: What a great happy New Year with 31 people attending dinner at Zelfred's. The food was delicious and we enjoyed the banquet room and great service. Bob Anderson, Robert Grant and Tony Kokalis all wore their finest hatwear – Pluto musical reindeer hats with flashing lights, and wearing their Mickey Mouse coats.

Ron Coppola has sold his Cobra and is the proud new owner of a 1968 California Special – the car he has always wanted.

Now that it's past the first of the year, we can look forward to April and the Fabulous Fords Show, which is Sunday, April 19th.

Wanda Hamshar says: Vic did very well with an angiogram on January 6th. His doctor said he looked very good, stint great, has a 30% blockage in one area, but felt he could go 2 years without being seen.

Wanda goes in on the 30th for her gall bladder to be removed on an out patient basis, and will be home that night.

Jeff Noel says he finally hit the three-gallon mark as a blood donor. Congratulations to you, Jeff!

Etta Black says: I got the best Christmas present ever; no it is not an engagement ring. Ok, maybe the second best Christmas present, no, it is not a new GT. Ok, it is the third best present I could ever get. I get to go to the Richard Petty driving school. Don bought me a three-lap ride along, and then I get to go eight laps on my own. So, everyone knows I like to go fast, so I guess now it is put up, or shut up. We are thinking of going to the Las Vegas track. And, don't feel like Don is completely left out, he also gets to do a three-lap ride along. I will let everyone know how it goes, with pictures and all.

2008 went by in a flash of light and left dust in it's path. During that time lots of events took place for all of us.

My stint as your President was over almost before it began and I want to give all of you my thanks for your support and help during that time. Without you the year would not of been successful.

I am sure all of you will support your new President in the coming year. My best to all of you.

Wanda Hamshar

Membership Requirements: Insurance - Each active and honorary membership will be required to carry and produce to the Membership Committee evidence of public liability and property damage as follows: a) In the minimum amount required by California law. b) Or, in individual cases, the amounts recommended by the Membership Committee or the Executive Board. This insurance must cover the car owner and any driver of the member's vehicle. Lack of, cancellation of a member's policy immediately invalidates his/her membership in this club. Operator's License - Each active and honorary member must have a valid vehicle operator's license at all times. Lack of, cancellation of, or expiration of this license immediately invalidates membership who operate a vehicle.

Release of Damages: By signing this document, applicant / member agrees to hold the Central Valley Mustang Club, Inc. harmless for and to protect and defend the Officers and Club Members from any damages that may occur en route to, during or from an event in which the applicant / member is involved.
