

Madera Car Show for 9/11

CENTRAL VALLEY MUSTANG CLUB
Fresno, California
October 2011

CLUB INFORMATION
Central Valley Mustang Club, Inc.

P. O. Box 9864, Fresno, CA 93794

Website: <http://www.cvmustang.org>

Club Purpose: To provide a common meeting ground for Mustang owners and further the enjoyment of ownership; to include workshops, discussions and technical meetings; to promote a more favorable relationship with the general motoring public; to further the preservation and restoration of all Mustangs.

Who Can Join: The club is open to all Mustang enthusiasts. Any individual or family can join. Ownership of a Mustang is not essential, but enthusiasm is. CVMC embraces the practice of encouraging diversity within the membership and involvement of the entire family in its membership and at all club events.

A Family Oriented Organization: As a part of promoting family involvement in the club, children are allowed and in fact encouraged at all club functions. In deference to this family involvement and the driving of motor vehicles, consumption of alcoholic beverages is discouraged at club events except where the club is staying overnight and there is no potential for any drinking member or guest to get behind the wheel.

Dues: For the first year only, \$30 for a one year Active Membership, of which \$5 will be an initiation fee and \$25 for dues. For additional family members, Active Membership dues are \$5 per member. Renewals due each January. Renewal notices are not sent.

PRESIDENTIAL RAMBLINGS

I just got back from a car show in Madera to honor 9-11 firefighters and our military. It's called "Word from Home". The organization sends things needed by our armed service personnel that are hard to come by overseas. As usual, our club shined with about a dozen cars delivering articles for shipping and/or cash donations. Way to go!!

Along the way, we recruited some new members, Mike and Debi. I saw them putting their

new pennant on their car, a beautiful bright red 1964 1/2 coupe. Welcome!!

Speaking of pennants, a real gentleman, Tony Calvillo joined us a few months ago and for the last two months I've been telling him I would get him a pennant. I haven't delivered. He finally got one at the car show. Unfortunately, his antenna had just broken off! Next time, Tony!

I want everyone to start thinking about officers for your club in the coming year. Nominations are next month (October). Also in October, we have our 22nd annual club picnic on the 15th. It's one of our biggest events of the year. I'm hoping for a great turn out.

Now for some not so fun stuff...After 12 plus years, our wonderful editor, Nancy Sharmer, needs a break. She's been doing a fabulous job all those years with little help and not much material to work with. She deserves a huge thanks from all of us! Now there are some monstrous shoes to fill and take this job over. We need someone to step-up. Talk to Nancy or myself.

As some of you might know, Gavino Diaz has been very ill. Please keep him in your thoughts. Get well soon, we love you.

See ya Thursday,
Allen Rasmussen, President

Maybe you've heard that after 12 years, I need a break from doing the newsletter each month. I'll finish out the year though. I tried to opt out several years ago, but nobody else wanted to take it over. It's been a fun and challenging run, but it's time for someone else to step up and put their mark on The Pony Press, even if only temporarily. If any of you have good ideas you'd like to try and are interested in taking on this popular part of the Central Valley Mustang Club, please talk to our illustrious President, Allen Rasmussen, or me.

This last month we had some really enjoyable activities. The melodrama at The Golden Chain Theater on the 18th was so much fun. We had about 20 members there. Then going to see the Beatles tribute band, Abbey Road, was fantastic. They sounded exactly like the Beatles and did several costume changes, representing their changes through the years.

Now we're looking forward to the Yosemite Trip, the 22nd annual club picnic and the Las Vegas trip in November. It seems like the time is passing so quickly. Pretty soon it will be Christmas. Are you ready for that?

Thanks to Lanny Vaught, Tom and Linda Higham, Doug Deffebach, Vic and Wanda Hamshar, Jo-el Vaughan, Mary Kokalis, Etta Black for their contributions of news, articles and photos this month. I apologize to whoever sent me the Puns for Educated Minds. I neglected to keep the name of the person who sent it. If you come to the meeting, please fess up so you can get your five free raffle tickets for your contribution.

The next newsletter deadline will be Monday, October 17th.

Nancy Sharmer, Editor

BOB & JEAN ANDERSON

for volunteering to donate
the October Birthday Cake.

COLD FUDGE CAKE

Ingredients

- 3/4 cup (1-1/2 sticks) butter, melted
- 1 1/2 cups all-purpose flour
- 1 cup chopped walnuts, divided
- 2 (4-serving) packages instant [chocolate](#) pudding mix
- 3 cups milk
- 12 ounces cream cheese, softened
- 1 cup confectioners' sugar
- 1 (16-ounce) container frozen whipped topping, thawed

Instructions

1. Preheat oven to 350°F.
2. In a medium bowl, combine the melted [butter](#), flour, and 3/4 cup nuts. Press mixture into a 9" x 13" baking dish. Bake 10 to 12 minutes, until a firm crust forms; let cool.
3. In a medium bowl, whisk together pudding mix and milk until thickened; set aside. In another medium bowl, combine [cream](#) cheese, confectioners' sugar, and half of the whipped topping; mix well.
4. Using a wet table knife, spread cream cheese mixture over top of cooled crust. Spoon chocolate [pudding](#) mixture over top of cream cheese mixture then top with remaining whipped topping. Sprinkle remaining 1/4 cup walnuts over top.
5. Cover and chill overnight, or at least 6 hours. Refrigerate any leftovers.

DETAILING TIPS AND TRICKS

By: Doug Deffebach

Introduction

Wash your car, wax your truck, polish the chrome and buff the paint. Settle down to clean the wheels while protectant works its magic on the tires. Stand back and examine the work you've done, looking for the little things you may have missed. The time spent cleaning your ride is an investment in its health and beauty – you trade on your elbow grease and painstaking efforts so folks can admire your ride as much as you do.

Presented here each month will be some of the practical tips and tricks body-men, mechanics and all around car guys have thought me for you to use as you need. I have also created a week-by-week schedule and listed a comprehensive set of car-care tools and materials for your handy reference. Perhaps you will find a new trick, or discover that a technique you've used in the past wasn't such a good idea after all.

Keep in mind there's a big difference between detailing your car and giving it a quick wash job. I encourage you to be thorough in your approach and execution of any car care project – doing a half-job means you're only half-done, and your vehicle's still half-dirty! Find the right cleaner or polish for each project and use the correct tools.

Approach

Plan ahead for your detailing efforts to get an accurate idea of what can be accomplished. First, evaluate the condition of your vehicle: tires, wheels, paint, trim and interior (headliner, carpet, upholstery, and gauges). From there you can determine what you'll need for materials, tools and time expended,

You'll also need to pick a good location to do your detailing – preferably in open shade. In addition to the obvious need for water, and power (for a vacuum, buffer, etc.), you'll want to make sure you have room to work and no distractions or interference (chrome cleaner does wonders for your bumpers, but you don't want to get it on the rose bushes).

After assessing your vehicle's needs you may feel overwhelmed if there is a lot of work to do. To make things easier break down the job into smaller tasks to be done in a set order. Generally speaking it's better to work from the inside out and from the top down. You should do any scratch repair or spot removal before polishing and waxing.

How often you're able to wash and/or detail your ride is another important factor to consider. Whether you've got free time or not will often determine if detailing can be a weekly or monthly affair. Following the recommended Cleaning and Detailing planner, you may have to parley the weekly event into a monthly one when time doesn't allow more frequent attention.

Cleaning and Detail Planner

Wash	Weekly
Intensive Detailing: Jams, Under-Hood, Emblems, etc.	Monthly
Paint: Pre-Wax Cleaner Polish	Biannual
Paint: Sealer/Glaze	Every 8-12 Weeks
Paint: Wax	Every 8-12 Weeks
Trim	Weekly
Apply Correct Preservative, Protectant, Clean Cracks	Monthly
Wheels	Bi-Monthly
Bead to Hub, Polish Wheel and Lugs	Every 2-3 Months
Tires	Monthly
Full Dress, Scrub Bead to Tread	Monthly
Glass: Clean	Weekly
Polish, Clean Along Seals	Monthly
Interior: Vacuum	Weekly
Clean Stains, Vacuum Trunk, etc.	Monthly
Leather: Condition	Monthly
Thoroughly Clean Leather Surface & Recondition	Every 2-3 Months

Next month: Interior and cockpit care.

2013 BOSS 302 COLORS AND OTHER RUMORS LEAKED

By Patrick Rall

Ford Motor Company hasn't offered up any official information thus far on the 2013 Ford Mustang Boss 302, but thanks to a special on SpeedTV about the 2012 Boss 302, we have an idea as to what could be coming for the 2013 model year. During the program, there were shots showing a poster that looked to offer the various color choices and wheel options for the 2013 Mustang Boss 302. This poster also shows a clear definition between the full color spread and two other Boss 302 models in black and white - presumably the 2013 Boss 302 Laguna Seca.

While we do not know if this is the full complement of colors for the 2013 model year, the Ford poster shown on [SpeedTV](#) shows what looks to be four color choices, including Race Red, Grabber Blue (a personal favorite of mine), Performance White and Yellow Blaze Metallic Tri-Coat.

Along the bottom of the poster, seemingly separated from the first four cars atop the poster are what we expect to be the 2013 Boss 302 Laguna Seca, wearing a black scheme with white stripes and a white finish with black stripes. For the 2012 model year, the high performance Boss 302 Laguna Seca was offered in either black or ingot silver, both of which came with red stripes. And while it's tough to tell from the screenshot stills, it looks like the 2013 Boss 302 Laguna Seca may come with white wheels rather than the red rims found on the 2012 models.

Also on that poster, along the side, is an open hood shot of a Boss 302 wearing a metallic green paint code, expected to be called either "Gotta Have It Green" or "Grabber Green". Regardless of what color name Ford goes with, this doesn't come as a huge surprise as Dodge has introduced the Green with Envy limited edition paint code and Chevrolet has introduced the Synergy Green Camaro paint code.

Next, the poster and some other shots across the hood of what looks to be the 2013 Mustang Boss 302 show a new stripe pattern reminiscent of what was worn by the original Boss 302 Mustang in 1970. This stripe begins on the hood, branching off from a thick center stripe before running down across the fenders to the lower rocker area before heading off to the rear of the car. Amidst this long stripe is the Boss 302 logo high on the front fenders - also similar to what the world saw in the '70 Boss lineup. In addition to showing this "new" stripe package for the 2013 Boss 302, the shot across the hood of the new Boss supported the introduction of the new green color, and based on the 1970 stripe design, this could give credence to Grabber Green being the name chosen by Ford.

Finally, leaked dealership documents suggest that the 2013 Boss 302 will come with Ford's Sync system with a large touchscreen in the dash and a 4.2" information screen in the gauge cluster. This means that it will have a higher end stereo system and we also expect to see HID headlights for the 2013 Boss - but we're not sure if those will be standard or optional.

FORD MUSTANG TROUBLESHOOTING GUIDE AND TIPS
We've Got The Answers For Typical (and Non-So-Typical)
Mustang Malfunctions
From August, 2010 Issue of Mustang Monthly
By Jim Smart
Submitted by Vic and Wanda Hamshar

ENGINE STALLS

- Idle Speed set too low.
- Vacuum leak (see previous).
- Ignition point or PerTronix Ignitor gap improperly set.
- Distributor breaker plate ground wire not installed.
- Ignition timing too late.
- Sticking float or float level set too high (flooding).
- Valve adjustment too tight.
- Vapor lock (hot weather).
- Frozen fuel line.
- Excessive water in fuel or other form of fuel contamination.
- Old fuel that's been sitting (will smell like varnish)

ENGINE MISFIRES

- Faulty spark plugs or spark plug fouling.
- Ignition wire insulation breakdown and crossfire.
- Weak battery.
- Improper ignition point gap.
- Weak distributor ground (check breaker point ground strap).
- Faulty ignition coil.
- Cracked distributor cap or rotor.
- Poor distributor rotor continuity.
- Wet ignition system.
- Intermittent short in primary or secondary ignition wiring.
- Blown head gasket between cylinders (do a compression check).
- Fuel mixture extremely lean.

PONY TALES

Condolences to Brian and Joanne Rippee, whose 32-year-old son Nathan Rippee, was out riding his bike and was hit by cars in an accident. Nathan passed away September 6th.

Someone tried to steal Ron's Mustang convertible September 22nd with a modified key. It opened the door, but wouldn't start the car. Luckily nothing was stolen.

Robert Grant says Bob Vaughn would like the club picnic to be held at Avocado Lake.

.From Jo-el: Cambria Pinedorado Days Car Show, Sunday, Sept 4 in Cambria. Fun - cool - foggy in am - sunny later - over 100 cars - Pete and Sue, Linda and Tom and us. Bob took 1st in the Mustang category. Good chats/laughs/food. Most importantly a safe drive home — lots of peeps and we left about 9:30!!

Welcome to our new members, Mike and Debi Kallas. Not only new to the club, but their first ever Mustang, a 1964 1/2 red coupe.

Rich Atkisson saved Nancy Sharmer about \$2,000 with his advice regarding her broken air conditioner. The price being charged was way overpriced and she was able to get it fixed for about \$400. Thank you, Rich!

Don Hobbs retired his poor overworked Focus in favor of a new 2012 model.

The melodrama at the Golden Chain Theater in Oakhurst was great fun on Sunday, September 18th. We had a really good turnout and really enjoyed the villain. It's such fun to boo and hiss and listen to his comments back to the audience.

Eight CVMC members were rockin' out at the Abbey Road concert at the Tower on September 22nd. They are a Beatles tribute band and extremely entertaining. Robert Grant, Vic and Wanda Hamshar, Ron Deubner and Nancy Sharmer, Etta Black, and Lanny and Roxanne Vaught had a great time. Unfortunately, Brandon had to work and couldn't attend.

Jo-el says: The Pavillion car show (Bentley's Bullard & West) was a hit on September 1st. 90 cars! The place was jammed, restaurants full, and with a gentle breeze it was really a delightful night. (Except I stood in an ant hill! Itchy!!) Wanda & Vic, Allen, Becky & Carrol, Mary & Tony, Roxanne and Lanny, Mike Weygandt, two of the recent new members and a couple potential members. If we could just have that breeze ALL the time it would be so nice!

Best wishes to Ray DeLaPena who is at home recovering from surgery.

CAMBRIA TRIP

By Linda Higham

The weekend in Cambria was great (most of the time). Tom and I drove over on Friday afternoon. As is our usual custom, we stopped at the Cider Creek Bakery in Paso on the way over. Found some really super pull apart bread and then stopped at Albertsons before driving the rest of the way.

When we checked into the hotel, we were given our choice of champagne, merlot or cabernet as a welcome gift. We were also informed that breakfast would be delivered to our room at a time of our choosing. Took advantage of the quiet time and we had dinner at the restaurant next to the hotel. The shrimp salad was great and I know that Tom enjoyed his dinner.

Saturday started with our breakfast being delivered to the room about 8:30. We took our time and then drove north to San Simeon to check on the elephant seals. Only the immature males were there. The real activity starts in mid December through the end of February with the mature animals arriving, mating and giving birth. Maybe a dozen. The zebras were out around Hurst Castle on the way. It was good to see them roaming free.

We drove to Morro Bay and had lunch at the American Fish Company. The view was great, but their clam chowder left a lot to be desired this time. We went out to the rock and the Park Rangers had a trailer set up with information about the Sea Otters — even had a couple that were stuffed that you could feel the pelt if you chose. Just don't go within 100 feet of the otters in the water. You can get a fine for it.

Bob and Jo-el arrived that afternoon and came by the hotel. Guess what. The power went out on one wall in the room and the TV and the fireplace both went dead. We had called in a complaint about 2:30 and were told the maintenance would be there about 4:30. They came. They looked, and they left without fixing it. We called reception again and they upgraded us to a room with a view of the ocean and lawn chairs to enjoy the view. Bob & Jo-el were gracious enough to help us transfer out belongings and we then went next door for dinner — our green club shirts created a lot of attention. It was a great evening.

Sunday morning, they started parking cars at 6:00 a.m. Tom and I were the first to arrive and we were able to save parking spots for both Bob and Pete's cars. A pancake breakfast was served at 7:30 and awards were given out at 2:30. Oh yes. The entry included one bar-be-cue lunch. Was big enough for 2 people. It was a great show. Bob and Jo-el took **FIRST PLACE** for the Mustang Division. Pete was classified with the Mopar Muscle Cars. Wow. He really had competition.

We came home on Monday morning and stopped at the bakery again to re-fill our pantry with their goodies. Like I said, it was a great weekend. Wish we had seen more of the Club there.

LAGUNA SECA

By Etta Black

Boy, was I in heaven with all of the great cars and racing going on. Here are two pictures Don sent me this morning. The guy I am standing next to is Mike Joy from the Speed channel. He does the commentating for NASCAR, and he also does the Barrett Jackson car shows. Don and I got real excited about getting to see him. He was very nice to me when I asked to have my picture taken with him. I will have more pictures and an article later. I need to get all of the pictures downloaded from my camera.

THE KERMAN HARVEST DAYS PARADE

By Linda Higham

The Kerman Harvest Days Parade was held on September 17th. There were six cars that met at the Mervyns parking lot and drove to "The longest two block parade" in the valley. You have to admit. For a small town, they really have a good turn out. Even saw a few Fresno residents along the path.

Most of us stopped at Me-N-Eds Pizza for lunch. It really was nice to be able to visit in a smaller group, and the younger crowd was much better mannered his year. Maybe I'm just mellowing out. At any rate, I think we all had a good time. Both Jean and Skip had pictures taken with the Grizzlies Mascot. (Sorry, I forgot his name.) He even joined the entire group of us for a group photo. Thanks to one of his buddies, they used my camera also.

NATIONAL MUSTANG EVENTS Submitted by Linda Higham

April 27-29, 2012 — Ivins, UT - Northern Utah Mustang Owners Association

June 22-24, 2012 — Concord, CA - Diablo Valley Mustang Association

August 31 - September 2, 2012 — Mustang, OK - Oklahoma Mustang Club

I believe that this is the group that put together the show that just finished in Branson, MO. They welcomed us with open arms when we stopped there on the 45th Anniversary Run to Birmingham, AL.

These are MCA car shows. The West Coast Regional is in Concord next June. The Grand National will be Mustang, OK in August, 2012. This time it will be centrally located instead on the East Coast. It's a good event whether it is a Club Event or an Individual Event. We need to get the info out. Information is provided by the Mustang Times, Vol. 35, No. 7. More specific info will follow as time goes by.
